PURSUANT TO 37 CFR §1.48 (C)

Sir:

I, Timothy P. Evans, do declare as follows:

1. I am an authorized agent of Sandia National Laboratories.
2. Sandia Laboratories is the assignee of record of United States Application Serial Number 10/652,647 Entitled HIGH STRENGTH FOAM TOOL AND METHOD. The Assignments was recorded at Reel No. 014707, Frame No. 0338. A statement in accordance with 37 C.F.R. § 3.73 (b) is submitted herewith as proof of this fact.
3. The above referenced application originally listed four inventors: Messer. LeRoy Whinnery, Jr., Steven H. Goods, Craig Henderson and Thomas Bennett.
4. During prosecution of the above application for patent, Mr. Patrick N. Keifer was asked to perform a comparison of materials made with the formulation and method of the present application and that of U.S. Patent Serial Number 3,673,128. Up until this time, Mr. Keifer was unaware that an application for patent had been filed.

5. Accordingly, Mr. Keifer should be added as a co-inventor.
6. Sandia National Laboratories hereby consents to the addition of Mr. Keifer as an inventor of the above referenced patent application.

I declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
